BAT22-6NV2

When it comes to advanced automatic crimping, Sta-Kon gives you the complete package.

With the electromechanical crimping tool that carries an exclusive UL listing, you've got power in reserve. The Sta-Kon BAT22-6NV2 is motorized and automatic for effortless, single lever crimping. It comes with an extra battery and a charger, so you're always ready to do your best work. And when you're done, you'll appreciate the handy carrying case.

Features:

- The electromechanical crimping tool that carries an exclusive UL listing
- Comes complete with extra battery, charger, and carrying case
- Powerful lithium-ion battery with charge level indicator
- Single-lever motorized operation for easy manual preclamping, automatic crimping, and auto-retract functions
- Extremely light and super fast
- Motor stall protection in case of faulty operation
- LED task illumination
- Multifunction LED indicator for maintenance and data transfer capability

This is an excellent tool for various vertical markets ranging from panel builders and system integrators, data centers, utilities, electrical contracting, rail, and various other OEMs and MROs.

Catalog number	Product description
*BAT22-6NV2	Electromechanical crimping tool
RAML1	Battery 10.8 V/1.5 Ah, Li-ion (16, 2 Wh)
LGML1110	Charger for 10.8 V Li-ion batteries, 230 V
Catalog number – DIE sets	Product description
DIE2001	Sta-Kon Insulated 22-10 AWG terminals
DIE2002	Non-Insulated 22-10 AWG terminals
DIE2500	Spec-Kon Insulated 22-10 AWG terminals
DIE2007	Insulated 8-6 AWG Tubular terminals
DIE1806	Dragon tooth 22F,L,R-6 series

*Includes 2 batteries, 1 charger and case
DIE1806 is not UL or CSA listed.
